

Fayette County's Voting System

*Accurate. Easy to use.
Accessible.*

1. Turn SELECT wheel to move through the ballot.
2. Press ENTER to mark your choice when highlighted in blue or heard.
3. Press HELP once for on-screen instructions, twice for a poll worker to come.
4. Press PREV to go back a page, Press NEXT to go forward a page.

5.  Pressing CAST BALLOT means you are completely finished voting. You cannot go back. You will know your vote has been recorded when you see a waving American flag.

You may use jelly switches or your sip n' puff to vote if you can't operate the wheel & buttons.

You may listen to the ballot using headphones with volume control, or you may use your neckloop to listen if preferred.

The eSlate is in a booth that meets ADA standards for wheelchair accessibility.
